Liners

Low Density

Aluf Coex Supertuff™ CXP Bags W/Microban®

Utilizing a proprietary tri-laminate manufacturing process, these liners are designed to exceed industry requirements, while using less resin than other competitive heavy gauge bags. CXP weighs less, outperforms and is 100% recyclable. Keeping with the 4 R initiative, we Reduce the amount of material required to make the bag, we Reuse all internally generated waste, we make products that are 100% recyclable and we Reclaim post consumer as well as post industrial waste for our everyday manufacturing requirements. Microban® antimicrobial protection provides an added benefit by inhibiting the growth of odor causing bacteria on the outside and inside surfaces of the bag. Meets EPA CPG - Comprehensive Procurement Guidelines.
